

What is Xero?

With more than 200,000 paying customers in over 200 countries, Xero is a world leader in online accounting. A brand that investors trust, Xero has received over US\$250 million in funding from companies and business leaders.

Xero is hosted in the cloud, which means you can check the status of your finances anywhere you have an Internet or wireless connection, providing unparalleled convenience!

No need to download or install anything! Simply request Xero to create an account, log in, and start putting your finances in order! And because of its beautiful and intuitive design, you can do business without a hitch!

Why Xero?

Xero helps your business grow by streamlining tedious bookkeeping and other back-office processes that traditionally take a lot of time and money to carry out.

Xero makes accounting and bookkeeping easy. So easy that it does away with manual data entry. Imagine having bank transactions sent instantly to your account and paying bills at a touch of a button!

Xero also allows you to integrate different apps, so you can connect all the tools you need to run your business smoothly.
